

Dear Parish Family:

Thank you for your help in helping us to plan our budget for 2022. We hope that this next year will bring us more relief from the restrictions which the pandemic placed upon the ministries of the parish. We want to be ready to ramp up again some of our past ministries and we also are looking for new ministerial opportunities particularly in how we might “love our neighbors as ourselves” better.

God is calling us not just to survive but be a unique place of worship of making our prayer and spiritual life active in how we do the Gospel in the promotion of the dignity of all people. I hope that you will join us as we share our vision of Christ-like living to those in our world.

In Christ,

Father Phil
